GIVES NOTICE TO THE WORLD

Uncle Sam Will Look After the Trouble in the South.

FIVE HUNDRED BACK TO WORK

Striking Steel Workers Are Breaking Away From the Leaders.

WASHINGTON, Sept. 5.—A careful translation at the State Department of the published utterances of the Venezuelan government on the subject of the differences with Colombia discloses the fact that it is not, as was at first reported, an identical note addressed to the Colombians. Instead, it appears to be something in the nature of a proclamation addressed to the world at large. This fact makes it impossible for any of the governments of the world to make response to the note.

It is stated that as soon as the laws of Panama, which should be passed or ratified, it will be possible for the Colombians to use any other point on the Gulf coast than Colon, where there may be danger to American interests. It is understood that a considerable fruit trade exists between Colon and the United States, and this alone may be regarded as sufficient to warrant a visit of the Colombians to that port. A cablegram was received today announcing the arrival at Panama today of the United States ship Ranger. Affairs there were reported quiet.

The Silva, the Colombian Minister, has sent to the State Department a formal acceptance in behalf of Colombia of the American proposition to mediate. The letter was dated August 27th, three days after Secretary Hay's offer of mediation.

SULTAN TALKS BACK TO BRITISH GOVERNMENT.

Does Not Like the Interference on the Part of Great Britain.

DIMMICK PUTS IN A DEFENSE.

CONSTANTINOPLE, Sept. 5.—The Turkish Ambassador in London, Constantine Arslanoglu, has been requested to inform Great Britain that the action of a commander of a British warship in the Persian Gulf in preventing the Turkish consular ship from entering Rowan is incompatible with friendly relations.

The British side of the controversy is that the ship was trying to land Turkish troops on the territory of a State which is independent of Turkey.

SALINAS BOYS GO ON A STRIKE

Make Demands on Employers, Which Are Promptly Refused.

SAFE CRACKER PLEADS GUILTY

Will Get His Sentence at Redwood Next Thursday.

THE HOPE OF THE BISHOP.

He Wants to See the Methodists and Episcopalians United.

SALINAS, Sept. 5.—The Associated Trades Union, an organization composed of about thirty boys from 15 to 19 years of age, in this city, held a conference yesterday and wound up the council with a resolution to declare a strike unless the employers decided to lighten labors, shorten hours and increase wages.

Their grievances were laid before the employers, but the latter refused to make any amendments to their scale, whereupon the members of the union were called out by President Ross.

The employers claim to be filling the places of the strikers readily.

REDWOOD CITY, Sept. 5.—Harry Hammel, accused of safe-cracking in different parts of the State, and finally arrested at Sacramento for blowing open the safe of Holbrook, Merrill & Steison, appeared before the Superior Court this morning. The information charges him with robbery of the Marysville Postoffice on the 10th of last month, was read to him, and he pleaded guilty.

The court appointed next Thursday as the time for sentence. This ends the case. The other charges will be dismissed.

LONDON, Sept. 5.—The Ecumenical Methodist Conference today unanimously declined to hear the secretary read the message of the Archbishop of Canterbury, in which he expressed a hope that some day the Methodists would be united with the Episcopalians, and of similar import, the message of the Bishop of London, on the ground that they had been addressed to the editor of a religious newspaper and not to the conference.

Discussing the present position of Methodism, the Rev. T. E. Duckles of King's College, London, said the war would purify the administration of the natives.

Bishop Hartzell, missionary bishop of the Methodist Episcopal Church in Africa, said the war was merely an incident of Anglo-Saxon civilization's expansion.

Dr. Leonard thanked God for what Great Britain was doing in South Africa and expressed the hope that the war would soon end with the union jack floating.

SAN FRANCISCO, Sept. 5.—But little was done during the first session of the Union Labor party this morning. It seemed to have been well understood among the union men that a state had been prepared and it was something of a surprise to some of the leaders this morning when Timothy Ryan was elected temporary chairman over Isadore Less. George Albertine was elected temporary vice-chairman, B. P. Meyers and W. J. Wynnan were elected to act as secretaries in conjunction. The convention will convene again this afternoon.

WASHINGTON, Sept. 5.—A cablegram was received here today from an authoritative source in Cali, Colombia, near the Ecuadorian border, stating that Ecuador had intervened as against Colombia with an army well equipped and with vessels of war. Under these circumstances, the cablegram states that it will be necessary to meet the move of Ecuador by having Colombian war vessels in Pacific waters near the Colombian-Ecuador frontier.

The information in the cablegram is considered clear evidence of Ecuador's intention to join forces with the rebellious element on the Isthmus of Panama. Until now Ecuador has maintained strict neutrality, but the cablegram received today indicates that the first overt move against Colombia has been made.

ATLANTA, Ga., Sept. 5.—Two hundred and twenty-six enlisted men of the Twenty-seventh Infantry, stationed at Fort McPherson, and in the post hospital, made ill by promiscuous poisoning. Of the 416 men enrolled in Companies A, B, C and D, only 136 were on duty at the post today. Colonel J. W. French, post commander, has ordered a rigid investigation.

CREMATION.

The Odd Fellows' Cemetery, Association, Point Lobos ave., S. F., Cal.

The ordinance prohibiting burials in San Francisco after the first day of August, does not refer to CREMATION. Neither does it affect the COLUMBIAN, because there is nothing less harmful to the living than the ashes of the dead.

Permits to cremate will be issued by the Board of Health, a native of Dorchester, Mass., aged 52 years, 1 month and 18 days.

Probate Notice.

In the Superior Court of the county of Alameda, State of California.

In the matter of the estate of Thomas F. Garrity, deceased.

Notice is hereby given, that a petition for the probate of the will of Thomas F. Garrity, deceased, and for the issuance of Letters Testamentary thereon, was filed in this Court, and that Monday, the 10th day of September, A. D. 1901, at 10 o'clock A. M. of said day, at the Court room of the County of Alameda, California, at the Court House in the city of Oakland, in said county of Alameda, has been set for the hearing of said petition and proving said will, when and where any person interested may appear and contest the same.

Dated, September 5th, 1901.

DR. PARDEE IS IN THE FIGHT.

Dr. Geo. C. Pardee returned from Los Angeles last evening, whither he had gone for his health. He made the following statement:

"Although I did not say directly to the Los Angeles interviewer that I would be a candidate, the interview, I believe, was in substance correct. I have not discussed the political situation with my friends since my return, and I did not talk politics with any one during my absence. I was on a trip for my health, and had little time for other things."

"It is much too early for me to say whether or not I will be in the race. But one can never tell. I may be, and if I am I shall certainly be out to win."

"I still think that it would be possible for an Alameda county man to go to the next State convention with a solid delegation. You know that such a thing was deemed impossible before the last convention, but there never was a delegation that stood together better than the one of three years ago. There was certainly an understanding at the time that the nomination was to come next time to Alameda county. It remains to be seen whether or not this understanding will be lived up to."

PRESIDENT GREETED WITH CHEERS.

(Continued From Page 1)

deal. We should take from our customers such of their products as we can use without harm to our industries and labor. Reciprocity is the natural outgrowth of our wonderful industrial development and the domestic policy now firmly established. What we produce beyond our domestic consumption must have a vent abroad. The excess must be relieved through a foreign outlet and we should sell ever where we can buy, wherever the buying will enlarge our sales and production and thereby make a greater demand for home labor."

FOR EXPANSION.

"The period of exclusiveness is past. The expansion of our trade and commerce is the pressing problem. Commercial wars are unprofitable. A policy of good will and friendly trade relations will eventually result in reciprocity and will be in harmony with the spirit of the times; measures of retaliation are not."

"If, perchance, some of our tariffs are no longer needed for revenue or to encourage and protect our industries at home, why should they not be employed to extend and promote our markets abroad? Then, too, we have inadequate steamship service. New lines of steamers have already been put in commission between the Pacific Coast ports of the United States and those on the western coast of Mexico and Central and South America. Changes should be followed up with direct steamship lines between the Eastern coast of the United States and South American ports. One of the needs of the times is direct commercial lines from the vast fields of product to the fields of consumption that we have but barely touched. Next in advantage to having the thing to sell is to have the convenience to carry it to the buyer. We must encourage our merchant marine. We must have more ships. They must be under the American flag, built and manned and owned by Americans. These will not only be profitable in a commercial sense, they will be messengers of peace and amity wherever they go."

WASHINGTON, Sept. 5.—Further news in the ranks of the striking steel workers occurred at McKeesport today. Five hundred men, or one hundred more than yesterday, went to work at the National Tube Company's plant. Nearly one hundred men reported for duty at the Denham Tin Plate Works. A start was not made during the early hours of the day, but fires were lighted in the furnaces and a start was expected before the close of the day. The mill was surrounded by a large force of deputies, but there was no disorder, although quite a crowd of strikers was loitering in the vicinity of the plant. At the Boston Rolling Mill a force of men was cleaning up and preparing the plant for work.

Probable early peace is again being discussed here as the result of yesterday's conference in New York between President Schwab of the United States Steel Corporation and members of the National Civic Federation.

The proposition from Mr. Schwab, said to have been submitted to President Shaffer of the Amalgamated Association, through President Gompers of the American Federation of Labor, virtually demands a concession of the Clark, Daltier, Lindsay & McCutcheon and Monessen hoop mills. These plants were non-union when the strike started and all are now running partially or in full. The Association would also lose by the acceptance of the proposition the present tin plate plant at Cleveland, the Star tin plate works in this city, the Canal Dover mills and the works at Denham. These have been union for a long time. The tube plants at McKeesport, in this city, and at Denwood, W. Va., would also be exempted.

The acceptance of the terms, it is said, would reduce the strength of the Amalgamated Association nearly 50 per cent.

NEW YORK, Sept. 5.—Word having been received from the Chief of Police of Tacoma that no one in the northern city was willing to prosecute "Swiftwater Bill" Gates, the latter was released from custody and it is believed that he started for the East today with his youthful bride, with whom he eloped from Tacoma several weeks ago, before having been separated by divorce from his legal spouse.

LABOR LEADERS ARE AGAIN IN SESSION.

NEW YORK, Sept. 5.—Ralph M. Easley, secretary of the National Civic Federation; Samuel Gompers, president of the American Federation of Labor; John Mitchell, president of the United Mine Workers of America; Frank P. Sargent, grand chief of the Brotherhood of Locomotive Firemen; and Harry White, secretary of the Garmentworkers of America, are in conference at the Ashland House.

SAN FRANCISCO, Sept. 5.—Strikers fired on a non-union driver for C. A. Hooper & Co., the lumber dealers, this morning, but the bullet struck a valuable horse instead of its intended victim.

The animal died a few hours later.

The non-union driver fired on his assailants, but his bullets flew wide of the mark.

SAN FRANCISCO, Sept. 5.—At the preliminary examination of Walter S. Dimmick, charged with embezzlement, before United States Commissioner Howard today, Frank Washington, a clerk in the cashier's office of the United States Mint, was called for the defense.

He testified to having examined the two bills for blue stone and material and the vouchers for \$498.

At the instance of Attorney Collins he stated that the vouchers for \$498 were carried over as other vouchers were carried over at the same time, at Superintendent Leach's orders.

The case has gone over till Tuesday next at 10 a. m., when Cashier Cole will take the stand for the defense.

MANY BODIES BROUGHT BACK ON THE DIX.

SAN FRANCISCO, Sept. 5.—The United States transport Dix arrived here today. She brought 520 bodies from the Philippines. She was twenty-eight days on the trip.

WANT A NON-SUIT IN THE DAMAGE CASE.

Attorney W. W. Foote this morning finished putting in the plaintiff's case in the suit of Julius Jacobs to recover \$21,000 damages from the Southern Pacific on account of being struck and injured by some box cars at Livermore. The defense was begun this afternoon.

Attorney Foote made special effort to prove that the railroad company was negligent in the management of the cars.

A motion for a non-suit is being argued this afternoon.

TWO HUNDRED MEN ARE BACK TO WORK.

CLEVELAND, O., Sept. 5.—The cold mill of the Crescent tin plate plant was started today. The mill was closed when stocks were exhausted by the steel strike, although the plant individually was not directly affected by the big walkout. Two hundred men—half the normal force—resumed work today.

WANTS WILL PROBATED.

Mrs. Marguerite E. Garrity, widow of the late Thomas F. Garrity, the attorney, has filed a petition asking that a will of the deceased which bore date of December 5, 1900, be declared valid. This will has been destroyed, but the petitioner says that she can prove by two witnesses the contents of the instrument.

SAN FRANCISCO, Sept. 5.—The Bank Commissioners have declined a statement showing the financial condition of the forty-seven interior savings banks at the close of business on August 7, 1901.

In comparison with the last annual statement, a gain is shown for the year of \$5,250,455.45 in the assets and of \$1,172,967.75 in the deposits.

This showing of prosperity in the interior is fully in accord with the progressive gain reported for the past year by the city banks, which, including the seventeen commercial banks, five national and nine savings institutions, made a clear gain in deposits of \$35,551,726.32.

OVER TWO HUNDRED MEN ARE POISONED.

ATLANTA, Ga., Sept. 5.—Two hundred and twenty-six enlisted men of the Twenty-seventh Infantry, stationed at Fort McPherson, and in the post hospital, made ill by promiscuous poisoning. Of the 416 men enrolled in Companies A, B, C and D, only 136 were on duty at the post today. Colonel J. W. French, post commander, has ordered a rigid investigation.

OF HIM.

Though snowy peaks may cap my day,
I know somewhere that vines are twining;
Though storms and lightnings round me play,
Deep in my soul the sun is shining.

Though landraps from mine eyelids start,
I know the world bows not in sorrow;
I know the world has weep-my heart
May wake in gladness on the morrow.

O Love Divine, keep thou my land—
My heritage of soul-enfold it;
I know that when I reach my hand,
Father's hand is there to hold it.

FRATERNAL NEWS OF THE WEEK.

Many Interesting Events Are Recorded From the Lodge Rooms.

Argonaut Tent, No. 32, K. O. T. M., has now attained a membership of 137, and on next Tuesday evening will be the 200 mark, as several candidates are waiting to be initiated on that occasion.

Deputy E. J. Martin worked for the past three months for this tent, wrote over 100 applications and initiated upwards of seventy-five new members. He leaves for his old home in Boston this evening. While in California he proved himself a valuable deputy for the order.

State Commander S. W. Hall has recently returned from the biennial review of the Supreme Tent in Port Huron, Michigan. He reports a very harmonious meeting and great enthusiasm among the Michigan Macabees. The total membership now exceeds 500,000. California contains 7,000 members and the two tents in Oakland have a combined membership of 700.

Sir Knight Hall visited Argonaut Tent last Tuesday evening and paid the tent a glorious tribute for the enthusiasm displayed in the increase of membership.

Argonaut Degree Team, under the able leadership of Sir Knight John Golden, is one of the best degree teams in the State. The team has accepted an invitation to go to Antioch on October 5 to confer the degree work on a large class of candidates there. Argonaut Base Ball Team is a strong one, having recently won a brilliant victory over the team of Oakland Tent, No. 17. They expect to play the boys of Antioch Tent at an early date.

REBEKAHS.

On Saturday evening, September 14, at Gler's Hall, Oakland Rebekah Lodge, No. 16, I. O. O. F., will give an entertainment and dance in honor of the Orphan's Home, Sister Grace McPhail and her able committee, the noble and vice grand and sisters Holmes, Newman, Elmer, Price and Fries, intend to make it a grand success.

There will be a program of eight numbers composed of Oakland's best talent.

Refreshments will be included, after which the floor will be cleared for dancing. The public is cordially invited to attend and help along the cause. No. 16 will initiate two candidates for membership on Saturday evening, September 17th. Visitors will be welcome.

A COFFEE PARTY.

The members of Concordia Rebekah Lodge, No. 152, I. O. O. F., are going to hold a "Coffee Party" on Wednesday afternoon, September 11, at 2 p. m., at Germania Hall, for the benefit of the Odd Fellows Orphan's Home. All are invited.

GOOD TEMPLARS.

Oakland Lodge, No. 152, I. O. G. T., decided at their last meeting to divide the lodge, each half to be under the control of a captain.

Next Monday night, at 8 p. m., in the Knights of Pythias Hall, Twelfth and Franklin streets, Company No. 1, under Captain Mackintosh, will give the first entertainment of a series.

All friends of the order are cordially invited to attend.

Every second Monday in each month a similar entertainment will be given.

The lodge will open at 7:30 p. m. next Monday evening.

YOUNG MEN'S INSTITUTE.

An era of prosperity has reached American Council, No. 8, Y. M. I., and as a consequence, an ice cream social will be given on Monday evening, September 16, 1901. The affair will be conducted under the management of the Ladies' Night Committee, and will consist of caroling interspersed with a literary program and refreshments. A number of imported and well-

known local artists will contribute to the evening's entertainment. Invitations may be secured from the members, who promise their friends an enjoyable evening.

OAKLAND COUNCIL.

Oakland Council, No. 6, Young Men's Institute, gave an enjoyable complimentary social on Wednesday evening.

The affair was held in the lodge dance hall of the Foresters' building on Clay street, and was largely attended by the members of the institute and their friends, a number coming from West Oakland, Alameda and San Francisco.

The grand march, led by Floor Director Martin Madden and Lady, was formed at 9 o'clock with about one hundred couples, among whom were noticed many officers, grand officers and past grand of the Y. M. I., who came to enjoy an evening with No. 6.

Music was furnished by the O'Brien orchestra.

The following committees had charge of the affair: Arrangements—George P. R. Clark, J. T. Harrington, Martin Madden, J. F. McVey, T. P. Hogan.

Floor Director, Martin Madden, assistant, P. McVey.

Floor Committee—H. H. Papp, C. Chisholm, J. J. O'Brien, A. D. McKinnon, J. T. Harrington.

Reception—W. P. Duddy, J. J. Kennedy, D. H. Harlin, Dr. B. Stetson, M. A. McNelis.

Lemonade and cake were served during the evening.

TRIBE OF BEN HUR.

Oakland Court, No. 6, Tribe of Ben Hur, meets every Monday evening in Foresters' Hall.

Next Monday evening the Social Committee will serve coffee and cake after the business session in the banquet hall, to which all members of the court are invited.

The membership has been steadily increasing during the past six months and now numbers nearly 140.

The presiding officer of the court for the present term is W. H. Roberts, who is a model presiding officer and is popular with all the members of the court.

Deputy Crenshaw, who did splendid work for the order in building up Oakland Court, has severed his official connection with the order and is now employed by the Fraternal Brotherhood.

The Order of Ben Hur was organized at Crawfordsville, Indiana, in 1894. The membership now is about 60,000 and is rapidly increasing.

The order provides death benefits ranging from \$1,000 to \$3,000. It provides for a reserve fund in order to meet death claims when the average age increases, thus insuring protection at a cost within the reach of all.

Oakland Court will give a musical and literary entertainment and dance on the evening of October 7th, full particulars of which will appear later. The committee in charge is Mr. Powell, Dr. Fannie Scott, Mrs. W. H. Roberts, Mrs. Linster and Miss B. McClelland.

KNIGHTS OF PYTHIAS.

Piedmont Lodge, No. 112, on Monday night last conferred the page rank upon two strangers.

The officers were highly complimented by those present for the efficient manner in which they had performed the work. The officers were assisted by Supreme Representative, P. G. C. Geo. Samuels and Captain Bernstein of No. 103.

On Monday evening, September 16, the esquire rank will be conferred upon four pages. Prominent orators of the order will be present and assist. Several new applications will be taken. Visiting knights are cordially invited to be present.

OAKLAND LODGE.

Knights of Pythias, Oakland Lodge, No. 103. It is expected that this evening's assemblage of Oakland Lodge, No. 103, K. of P., will be a most interesting one. Strangers will be initiated into the sublime mysteries of the page rank, and under the head of good of the order Brother E. J. Murphy will deliver an instructive lecture entitled: "My Sojourn Among the Hawaiian Islanders, or Twelve Months in the Tropics."

Brother Murphy will be a cordial speaker and will describe most minutely the habits, customs and general characteristics of the natives of our newly acquired territory.

This will be followed by a lively debate on the industrial conditions of the day, unionism, lockouts, strikes, etc., etc.

Good debaters have been chosen to present both the affirmative and negative sides of the question.

Visiting friends will be both entertained and instructed.

DIRIGO LODGE.

There was a large attendance at the regular weekly convention of Dirigo Lodge, No. 44, Knights of Pythias, at its Castle Hall, corner of Twelfth and Franklin streets, last Tuesday evening.

The lodge conferred the esquire rank on Pages P. R. Moore, Chas. Murray, Geo. M. Clark and W. H. Harrett.

Among the visitors present were Brother Moore of Live Oak Lodge, No. 17; Vice Chancellor Bernstein of Oakland Lodge, No. 103; Brother Tremble of Piedmont, No. 112. The last two mentioned brothers made some very appropriate remarks under "good of the order."

Brothers Keller and Fox are endeavoring to get up a double quartet from report success in their undertaking.

Louie Desmond, Dirigo's electrician, has gotten up some very beautiful effects in lighting the lodge room.

Next Tuesday evening, September 19, the knight rank will be conferred and a cordial invitation is extended to all brother knights.

Live Oak Lodge, No. 17, K. of P., held a very enthusiastic meeting last evening. Pages P. P. Coulter and F. B. Kirk were duly moved in the rank of Esquire in amplified form by the regular officers of the lodge which was done in a creditable manner doing credit to the officers of the lodge and its members. The following visiting members were present: Past Chancellors Gans, Bernstein, and Knight Downman of Oakland Lodge, No. 103; Knights Heyman, and Klesso of Piedmont, No. 112; Past Chancellor Levith of No. 132 and Gould of No. 100.

Interesting remarks were made by all the visitors present.

The rank of knight will be conferred at the next regular meeting.

A communication was received from the Grand K. of P. S., inviting the members of No. 17 to attend the Pythian day at Sacramento State Fair. A very large delegation has promised to attend.

Refreshments were served and a good time was experienced.

Oakland lodge has several candidates for initiation and during recess, American Lodge from Berkeley will be instituted with a charter list of 68.

Then, San Francisco Lodge from San

Francisco will be instituted with a charter list of 30. It is rather an unusual thing to institute two lodges on the same evening.

Refreshments will be in order as also dancing.

All Lions in good standing are invited to be present. There is also news of a third lodge being under way. There is good news, in fact, all along the line.

MASONIC.

Brooklyn Lodge, No. 235 F. & A. M., at East Oakland will confer the Third Degree Tuesday evening, September 10th.

COMPANIONS OF THE FOREST.

The last meeting of Pride of the Forest Circle, No. 122, C. O. F., was called to order by Mrs. Roseman, worthy chief pro tem. Quite a number of members attended.

There will be quite a number of new members coming in soon to join the circle.

Pride of the Forest Circle will give an entertainment and dance soon.

UNITED WORKMEN.

Pacific Lodge, No. 7, meets at A. O. U. W. Hall, 1169 Broadway, this evening, when there will be initiations by the Drill Team.

Last Thursday evening, Dr. H. W. French and his Oriental Degree Team conferred the degree of humility on a class of twenty pilgrims. A large crowd was present and a good time was experienced by all. Dr. French goes to Buffalo in a few days and may take the Drill Team with him as he has applications for its services from several points in the East.

General Manager Kruttschnitt of the Southern Pacific Company, who has just returned from an extended inspection trip over the line from here to New Orleans, announced yesterday that all the company's locomotives would be equipped for the burning of oil instead of coal as expeditiously as possible. To that end an immense oil storage tank will be erected shortly at the West Oakland yards says the Chronicle. It will be thirty feet high and ninety-five feet in diameter, and will have a capacity of 30,000 barrels of oil, or 1,260,000 gallons.

"We are already burning oil on our local trains across the bay," he said. "The smoke and cinders from the locomotives of the local trains have been a source of considerable complaint in the past, and it was presumed that the conversion of these locomotives into oil burners would prove a welcome innovation to the people of Oakland, Alameda, and Berkeley. Now they are complaining about the roar of the locomotive that burns oil. I think that when they get used to it, they will not find it a cause of complaint."

"In time we will have all the locomotives running out of Oakland equipped with oil burners, and we will start converting the freight locomotives. Out of a total of 700 locomotives on the Pacific system, 132 are at present equipped for burning oil. We are now converting the locomotives on the Tucson division, and to provide storage facilities for the new fuel we are erecting tanks of standard size at various points along the line. Our large-sized tanks are of steel, and are of the same capacity as that of the Market-street Railway Company at its main power-house, being ninety-five feet in diameter, thirty feet high, with a capacity of 30,000 barrels. The idea is to have tanks of this size at main division points like Oakland, Fresno, Mendota, where locomotives will receive their principal supply of oil, with smaller wooden auxiliary supply tanks at intermediate points."

It is learned that of the 130 or more locomotives now burning oil, seventy-five are north of Bakersfield, ten running into Oakland, ten are in service between Yuma and El Paso and the others are being operated in Southern California. Locomotives are now being converted from coal to oil burners at the rate of two a day.

General Manager Kruttschnitt received word yesterday that the first delivery on the order for 103 new locomotives recently placed with Eastern manufacturers by President Hays would be made within a few days. All of the locomotive contracted for will be delivered within the next few weeks.

CHANGE ENGINES TO USE OIL.

An Immense Tank Will Be Erected in West Oakland Yards.

A COSTLY AFFAIR.

Enormous as has been the cost to Great Britain of the war in South Africa, it has been none the less proportionately so in the hands of the world. As a matter of fact the whole world suffers for South Africa for years has been the principal gold producing district on the globe, and the cutting down of its output of precious metal naturally has a serious effect upon the marts of civilization. Advice to hand show the total value of the colonial exports last year amounted to but \$24,571,581, as against \$26,155,929, in the preceding twelve months, the decrease in gold and diamonds alone being as follows: gold, \$67,334,921; diamonds, \$29,125,814.

To make matters worse there are no indications of an immediate cessation of strife. Kitchener's movements during the past twelve months are scarcely those of a conquering hero, for although we are occasionally advised of his having captured a few humped lancers or so, right on top of such announcements generally come reports of British reverses involving the loss or capture of men. This would indicate that the guerilla warfare that the burghers are waging is of a nature that may leave the country subjected to strife for many years to come, just as long as Kruger remains a disturbing factor in the European capitals it is certain that the Boers will stay in the field, for there is little doubt that they are receiving aid and supplies through their former president, for he is a shrewd old fellow and can be relied upon not to waste any time or lose opportunities.

It is interesting at this juncture to note advice received from our own Consul General at Cape Town, for he is not interested in coloring the situation. This is what he says in a report just received from him at Washington: "The general situation has not changed for the better. The war drags along; trade in the Transvaal and the Orange River colony languishes; the fields are bare, and practically no planting has been attempted. Several thousand Uitlanders have returned to Johannesburg to prepare the mines for future operation. Many of these mines are at present engaged in working up the ore mined before the outbreak of the war, but they cannot be run at full capacity until the return of the native refugees, which will probably not be until after the cessation of hostilities."

Surely there is some way for Great Britain to end this warfare that is costing so much and is productive of so little result. If peace cannot be secured in any other way, concessions should be made to the brave men who are fighting in defense of home and liberty. There must be some way to establish a system of government that will retain to the burghers their ancient privileges and at the same time procure for England the domination she seeks in the Cape country.

Enormous bets are being made upon the approaching international yachting contest. Instead of "small sales and quick returns" it is going to be a case of large sales and no returns for some of the plungers.

CAPITAL PUNISHMENT.

A discussion of the merits and demerits of capital punishment is again going the rounds in the East and some interesting statistics are being quoted on the subject. Colorado which abolished the death penalty in 1897 has restored it, while Iowa abolished it in 1882 and restored it in 1878. There are now four States in which capital punishment is prohibited, namely Rhode Island, Maine, Michigan and Wisconsin. In Kansas the law requires the Governor to sign every death warrant and this he will not always do.

The restoration in two States of the extreme penalty after a four years' test of a more lenient system is significant. It brings out with much force the contention always made by the police and prison authorities when the subject is under discussion, that unless the fear of death confronts the criminal he will not stop at any thing in order to accomplish the purpose he has in view. A life sentence by no means dries up the springs of hope for there are always possibilities of pardon, escape or some unforeseen circumstance to figure on and in any event existence in a penitentiary is not so greatly to be dreaded, for if he behaves well the prisoner is always assured of good clothes, plenty of nourishing food and a sound roof to sleep under.

The march to the scaffold means, however, being blotted out altogether and it is the fear of this that makes the professional criminal resort to all other means before taking human life. Once remove it however and the principal dread is gone and statistics prove conclusively that for the safety of the community it is well to keep the sword of the extreme penalty hanging over each man's head. Agitation for the abolition of capital punishment has, it is true, been less pronounced in California than in most other States but when it does crop up it should be frowned upon as summarily as possible, for sentiment should find no place where stern reality dictates otherwise.

BIRDS DRESS THEIR WOUNDS.

Some Known to Make Excellent Plasters of Their Feathers.

There are not a few birds that possess a knowledge of the principles of surgery that is not far from supernatural. The woodcock, the partridge and some other birds are able to dress their wounds with considerable skill. A French naturalist writes that on several occasions he has killed woodcock that were, when shot, convulsed from wounds previously received. In every instance he found the old injury neatly dressed with down plucked from the stems of feathers and skillfully arranged over the wound. In some instances a solid plaster was thus formed, and in others ligatures had been applied to wounded or broken limbs.

One day he killed a bird that had evidently been severely wounded at some recent period. The wound was covered and protected by a sort of network of feathers which had been plucked by the bird from its own body and so arranged as to form a plaster completely covering and protecting the wound. It had evidently acted as a hemostatic in the first place and subsequently as a shield covering the wound. The feathers were fairly matted together, passing alternately under and above each other and forming a textile fabric of great protective power.

Birds are often found whose limbs have been broken by shot with the fractured ends neatly joined and healed. M. Dumont tells of a woodcock that had been shot by a sportsman on the afternoon of a certain day. After a long search the bird was given up, but it was discovered the next morning by an accident. In the meantime the wounded legs were found to be neatly ligatured, an exquisite net bandage having been placed around each limb. The poor bird, however, had in dressing its wound, entangled its beak with some long, soft feathers, and had it not been discovered it would have died of starvation.—Toledo Blade.

PERSONAL AND SOCIAL NOTES OF INTEREST.

Miss Minnie MacCracken and sister, Mrs. Geo. F. Smith, have gone to San Jose to spend Admission Day.

The marriage of two well known young people of Oakland took place last evening at the residence of Edward P. Taylor on Fourteenth street, when the eldest daughter of the house, Miss Mary J. Taylor, became the bride of A. J. Breiling. The nuptial ceremony at 6 o'clock was witnessed by the families of the principals and was followed by an elaborate wedding supper. A large reception was held from 8 to 10.

The groom has many friends not only in this city but across the bay, where he has for years been connected with the firm of Hammersmith and Field.

The bride's father, E. P. Taylor, is the well known stationer in this city.

The residence was artistically decorated with a profusion of flowers, plants and green boughs, the prevailing colors. In the long parlor, where the marriage service was held, a delicate tracery of vines festooned the walls and in one corner a web-like canopy of esculonias and vines marked the spot where the bridal party stood. Two long round tables were covered with pink carnations and amaryllis, while about the apartments branches of huckleberry foliage and ferns were prettily arranged. Rev. Ernest E. Baker of the First Presbyterian Church officiated.

The bride wore a handsome gown of white silk trimmed with chiffon and rare lace. The tulle veil was quite long, and the bridal bouquet was of bride roses and tulips.

Miss Florence Taylor, the bride's sister, was maid of honor and wore a pink silk gown covered with white point d'esprit. She carried maidenhead roses. The other attendants were Miss Eliza Schmidt and Mrs. Carroll D. Galvin. They each were attired in pink silk gowns trimmed with pink point d'esprit, and carried sweet peas.

Emil Breiling attended the groom. The ushers were Charles L. Taylor Jr. and Morgan Jelleffe.

At the bride's table, besides the bride party, there were seated Miss Ethel Wilson, Misses Emma Julia and Lillian Breiling, Oscar Breiling and Carroll D. Galvin.

An orchestra was in attendance and rendered appropriate selections during the marriage service and also during the reception which followed, at which about 150 guests were present.

After a short honeymoon trip the bride and groom will reside at the Taylor home, 704 Fourth street.

Cecil C. Smedberg, First Lieutenant in the cavalry corps of the United States army, is visiting his sister, Miss Gertrude Smedberg, in this city. Lieutenant Smedberg has been at Boise, Idaho, on special duty and is now on leave of absence. He will leave for Los Angeles next Monday.

The engagement is announced of Miss Inez Wallace, daughter of Mr. and Mrs. Charles L. Wallace of 1507 Franklin street, to Milton Spaulding, son of Mr. and Mrs. Henry Spaulding. The date set for the wedding is September 17th.

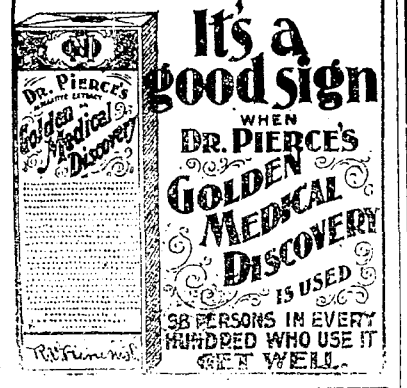

Mr. and Mrs. Michael Howard of Oakland have taken a cottage on Lake Tahoe, where Mrs. Howard and her sisters, Mrs. M. H. Nicholson and Mrs. H. M. Storrs, are spending the summer.

"I have used three bottles of Dr. Pierce's Golden Medical Discovery since my correspondence with you," writes Mr. A. F. Novotny, of New York, N. Y. (Box 1437). "I feel that I am in need of no more medical assistance. When I started to take your medicine I had a regular consumptive cough, of which I was afraid, and everybody cautioned and warned me concerning it. I was losing weight rapidly, was very pale and had no appetite whatever. Now my condition is changed entirely. I do not cough at all, have gained eight pounds in weight, have recovered my healthy color, and my appetite is enormous."

Miss Florence B. Kellow and George Politt were married recently at the home of the groom's parents, Mr. and Mrs. James Politt of 611 Eleventh street. Rev. Dwight Potter performing the ceremony.

AGED LIVERMORE MAN LOSES HIS REASON.

Thomas E. Noe of Livermore, aged 75 years, was recommended by Drs. Medros and Woolsey this morning for commitment to an insane asylum. Noe is a Civil War veteran and has been drawing a pension from the Government. He is a blacksmith by trade, but has not been working for some time. Of late his mind has been failing and he imagines people are trying to harm him. For several days he has been carrying a knife concealed in his sleeve, declaring he was going to kill his enemies.

YOUNG SANTOS DIES FROM HIS INJURIES.

This morning Frank Santos, a 15-year-old boy died at the Alameda County Infirmary from a fracture of the skull. The accident which brought about his death occurred last Saturday when young Santos fell from a horse he was riding. He was brought at once to the infirmary where he lingered for five days before passing away. The young man resided with his parents at Ashland, between San Leandro and Hayward.

The inquest will be held tomorrow.

HAYWARDS WOMAN WILL GO TO ASYLUM.

Mrs. Mary Lynch of Hayward, aged 65 years, was recommended for commitment to an insane asylum this morning by Doctors Hamilton and Milton acting as Lunacy Commissioners. Mrs. Lynch has been demented for some time. She imagines people are trying to rob her and that her husband is her grand-father. She was examined by the Lunacy Commissioners about six weeks ago, but was discharged. She is very violent at times.

Swell Fall Coats for Children and Misses

It is a fact that coats for street wear have received more attention from tailors and makers this fall than any other garments. The smaller sizes add to the beauty of childhood, and the larger ones make possible that dignity and fit so much sought after, but so rarely attained. Details of a few:

Nobby box coats for children from 8 to 16 years; good cheviot cloth; inlaid velvet collar and pocket flaps; satin linings; fancy buttons; in tan and navy. Price **\$4.50**.

Swell box jackets, stitched throughout; collars with reverse effect; fancy pearl buttons; satin lined; two pockets. Price **7.00**.

Beaver coats with velvet collars, tailor-stitched throughout; pearl buttons; perfect models; very dignified. **8.95**.

A particularly swell garment is a castor coat with triple fancy capes, each cape tailor-stitched and trimmed with scalloped panne velvet and bands of satin; novelty scalloped cuffs trimmed to match capes; silk-faced lining; fancy inlaid gilt buttons; generously stitched all over; years 6 to 10, price **10.00**; years 12 to 16, price **10.50**.

Elegant three-quarter coat in light castor; velvet collar; turned back cuffs; tailor stitching; seams bound; pearl buttons. Price **13.75**.

Beaver coat with velvet collar; handsome gold bullion stars; neat naval emblems on sleeve; satin lined; comes in the new dark red, very stylish. Price **13.50**.

Three-quarter coat for young ladies about 16 years old—a time, trying alike to mamma, misses and modistes on the matter of dress. These coats, once seen, make talk unnecessary—therefore see them. Made with velvet collars and turned-back cuffs; cut in the newest style. Price **16.00**.

New Woolen Waists

—here again is evidence of great improvement over the styles of last fall. Varieties of trimming are greater, workmanship and finish better and prices lower, ranging from **1.00 to 3.75**.

Just a couple of hints:

Flannel Waists, with detachable collars; plaited backs, full front; gilt buttons; comes in gray, red, black, navy, green; price **1.00**.

Another style is finished in front with alternating groups of tucks and fancy braid; stitched collars; pleated back; comes in royal blue, navy, dark green, reseda, red and black. Price **1.75**.

A Ruff House

—that's what we proudly claim to be this Fall. Our new black liberty silk Neck Ruffs are not only in accord with fashion—and this is to be a ruff season—but their prices are absolutely right.

They begin at **1.00** and go gradually to **7.50**. The styles are very varied, some having long ends, others being short, some are shirred, others pleated, others in novelty knot effects—but all as per as they ought to be.

A very attractive novelty is a line of novelty, white liberty silk Neck Ruffs, finished with very neat black and white ruching. Prices **3.00, 3.25, 3.50** and up to **5.50**.

The Suit Department

is showing new Fall designs daily. As fast as the tailors carry out the ideas of fashion creators, they are here; and not in limited choice, but in generous variety. No need to bother about perfect fit or good values—we attend to that, and our reputation is worth more to us than your suit, or all the suits we ever sell.

Elegant, tailor-made suits; all new shades and varieties of finish, from **12.50 to 35.00**.

COL. WEINSTOCK ON STRIKES.

Well-Known Merchant Makes
Suggestions Before an Alameda Audience.

ALAMEDA, Sept. 5.—Colonel Henry Weinstock of Sacramento was the guest of the Unitarian Club of Alameda last night. He delivered a most interesting lecture on the subject: "Is There a Remedy for Strikes and Lockouts?"

Colonel Weinstock spoke as follows: "Is there no remedy for this modern barbarism of strikes and lockouts? Is there no way in which they can be prevented?"

"There is a complete remedy. The remedy which lies in reason and in the practice of equity. But how is this practice to be secured and how is the practice of equity in disputes between capital and labor to be established? There is but one way, and that is by the parties to the contest sitting down and reasoning together. When this fails the conciliators should be brought in. And when they fail, the State should step in, and after hearing both sides carefully and judicially, render a decision which must be accepted by both sides and which shall have behind it for its enforcement the power of the State."

"Already I hear some of my super-sensitive hearers cry aloud, 'Would you deprive men of their liberty to quit work? Would you compel men to accept whatever wages the State may fix? Would you compel an employer to retain men in his service he does not want? Would you compel him to remain in business when it becomes unprofitable? Is it not true, I answer, paradoxically, as it may seem, that to maintain our liberties we must concede some of our so-called liberties, or there can be no government and anarchy must prevail?'"

"In New Zealand, the only country in the world where compulsory arbitration has been tried, it has proven a success. During the six years in which the New Zealand law has been operating, not one strike or lockout has taken place in that country, despite the fact that prior to 1895 New Zealand was the most strike distracted country in the world."

"A writer of a recent magazine article has thus epitomized the New Zealand laws of compulsory arbitration: '1. Employers can secure legal standing only through a Trade Union. 2. The decisions of the arbitration courts are final and binding for specified periods, and under penalty of fines. 3. When a strike or lockout occurs, the arbitration court may, at the request of either party, and within a given time, order a return to work pending a formal trial of the dispute. 4. Employees cannot leave their unions during arbitration, or while a decision is in force, for the purpose of evading its terms, except upon giving three months' notice. 5. Employees may be discharged at any time, for any reason other than that of defeating an award. 6. The court of arbitration consists of three members, appointed by the Governor, one of whom is recommended by the employers and one by the employees, while the third must be a Judge of the Supreme Court.'"

"There is nothing in all this that prevents conciliation and voluntary arbitration. On the contrary, the very existence of a Court of Compulsory Arbitration is a great help."

MORE BOXES OF GOLD.

And Many Greenbacks.

To secure additional information direct from the people, it is proposed to send little boxes of gold and greenbacks to persons who write the most interesting, detailed and truthful descriptions of their experience on the following topics:

1. How have you been affected by coffee drinking and by changing from coffee to Postum?

2. Do you know any one who has been driven away from Postum because it came to the table weak and characterless at the first trial?

3. Did you see such a person right regarding the easy way to make Postum clear, black and with a crisp, rich taste?

4. Have you ever found a better way to make it than to use four heaping teaspoons of the pint of water, let stand on stove until real boiling begins, then note the clock and allow it to continue easy boiling full 15 minutes?

5. Have you ever found a better way to place it than to place it in a boiling place, placed in the pot, will prevent boiling over?

6. Give names and address of those you know to have been cured or helped in health by the dismissal of coffee and the daily use of Postum Food Coffee in its place.

7. Write names and addresses of 20 friends whom you believe would be benefited by leaving off coffee. (Your name will not be divulged to them.)

Address your letter to the Postum Cereal Co., Ltd., Bath, Me., writing your own name and address clearly. Be honest and truthful, don't write poetry or fanciful letters, just plain, truthful statements.

Decision will be made between October 20th and November 10th, 1901, by three judges, not members of the Postum Co., and a great little box containing a \$10 gold piece sent to each of the five best writers, a box containing a \$5 gold piece to each of the 20 next best writers, a \$2 greenback to each of the 100 next best, and a \$1 greenback to each of the 200 next best writers, making cash prizes distributed to 325 persons.

Almost every one interested in pure food and drink is willing to have their name and letter appear in the papers, for such help as it may offer to the human race. However, a request to omit name will be respected.

Every friend of Postum is urged to write and each letter will be held in high esteem by the company, as an evidence of such friendship, while the little boxes of gold and envelopes of money will reach many modest writers whose plain and sensible letters contain the facts desired, although the sender may have but small faith in winning at the time of writing.

Talk this subject over with your friends and see how many among you can win prizes. It is a good, honest competition and in the best kind of a cause.

tration is in itself an incentive for conciliation and for voluntary arbitration. In fact, the compulsory court is resorted to only when one side or the other is obdurate or is dissatisfied with the decision of the court of voluntary arbitration.

"In a letter which I received a few months ago from the New Zealand labor commissioner, he says that every decision of the court has been cheerfully complied with by both sides."

"That is all very well, I hear both the American employer and American employee say. 'The political conditions in New Zealand, however, are very different from here. There the supreme judges are appointed for life and are thus made independent of fear or favor. Here they are elected and are likely to be demagogues and pander to labor,' says the employer, or 'they are likely to be corrupted and amenable to the touch of gold in the hands of capital,' says the employee."

"If this is the only objection that can be raised against compulsory arbitration, there is no difficulty in overcoming it to the satisfaction of any reasonable mind. Let each side, as in New Zealand, nominate a representative to be appointed by the Governor. Let the two representatives agree upon four others. From among these four let the Governor or the Chief Justice of the State appoint the president of the court. Or, in the event of the two representatives not being able to agree upon four names to be submitted, then in order to prevent a deadlock, let the Governor or the Chief Justice on his own motion appoint a third."

"But," says the labor leader, 'compulsory arbitration means that the State would practically compel men to continue at work and to accept whatever wages the court might fix. This would be equivalent to the enforcement of involuntary servitude and would thus rob the worker of his personal liberty, which is defined as 'the right to quit work.' 'The first and the last expression of personal liberty,' he goes on to say, 'is the power to move freely from place to place, to work at will, to quit at will and to remain quit.'"

"Granting all this to be true; granting, further, that in voting for compulsory arbitration the worker so far foregoes his liberty as to place in the hands of the court of arbitration the power to say he shall not go on a strike and that he shall not leave the service of his employers because of reason of dissatisfaction."

"The award of arbitration, within three months of the date of the decision without giving 30 days' notice of his intention to quit; in how far, I ask, does he in all this deprive himself of any greater liberty than when he joins a labor union and obligates himself to quit work on a sympathetic strike, even though he may have no grievance and despite the fact that he may vote against such sympathetic strike?"

"Is he not deprived of his liberty to a greater extent when there is work ready for him to do, than he is when he is not?"

"Is he not deprived of his liberty to a greater extent when there is work ready for him to do, than he is when he is not?"

HARD BLOW SAYS DR. CHAPMAN

Anti-Saloon League Does Not
Like Decision of Supreme Court.

The Anti-Saloon people of Alameda county claim they have received a hard blow by the decision of the Supreme Court knocking out the referendum.

"The Anti-Saloon League had a number of laws passed in the State securing prohibition in many of the counties. Under the recent decision of the Supreme Court these laws are null and void."

Rev. E. S. Chapman, superintendent of the Anti-Saloon League, says: "We have received a hard blow, and the active workers in the League are somewhat disappointed, but we shall still continue our efforts. The decision made is final, and means that if the people of the counties desire stringent liquor laws they must elect men to office who will carry out their wishes. This of course prevents our carrying the local option in liquor matters into other counties. I do not see how the decision was so positive, because I have gone into the question thoroughly and firmly believe that the law could be enforced."

OFFICER SILL GIVEN BENEFIT OF THE DOUBT.

"OAKLAND, Sept. 4, 1901.
"EDITOR TRIBUNE: I notice in your issue of this evening that Officer Sill was today given the 'benefit of the doubt' before the Board of Police and Fire Commissioners."

"I beg to thank you for the kind notices you have given to my case and regret I was not successful in establishing the facts. Yours sincerely,
"J. H. C. ALEXANDER."

FRANKLIN STREET IS NOW BEING REPAIRED.

All the rails and ties of the Franklin street branch of the Oakland Traction Company have been taken up and removed from that thoroughfare, as has also the bituminous pavement which covered the company's right of way and which was destroyed when the track was torn up. The uncovered strip in the middle of the street has been leveled and is being covered with a layer of broken rock preparatory to being covered with a coating of bitumen.

Have your music and magazines bound at THE TRIBUNE office.

DEFENDANT ANSWERS WITH A COUNTER CLAIM.

J. F. Marlin has filed an answer and cross-complaint to the suit of M. Ishibashi to recover about \$230 alleged to be due for wages. He claims that the plaintiff owes him \$110 for house rent and \$72 for wood consumed. Marlin asks that the plaintiff take nothing by his action and that he be required to pay \$182.

MRS. LEVER'S ESTATE IS
READY FOR DISTRIBUTION

The final account of M. S. Taylor, as administrator of the estate of Estelle P. Lever, deceased, shows \$750 received and \$749.14 expended. The estate consists chiefly of a one-tenth interest in the Maud Vineyard Company of Fresno, which owns 120 acres of land. By the terms of the will the estate is to go to the estate of the husband, Charles Lever, who died shortly after his wife died. The heirs of Charles Lever are Bradford B. Chandler of Oregon, a nephew, and Harriet Davis, a sister-in-law residing in Ross Valley.

An inheritance tax of \$50 has been assessed on a bequest of \$1,000 left to Katherine Fox. The total value of the estate of

CARD PARTY IN THE ENCINAL

Twenty Young Ladies Will Assist in Keeping the Score.

ALAMEDA, Sept. 5.—Twenty young society women have agreed to assist as scorers at the card tournament to be given for the benefit of St. Joseph's Church this evening at Lafayette Hall. They willingly consented to act when invited by the lady managers of the affair. They are to appear in their best frocks at the tournament, armed with the official instrument for punching the scores on the players' cards. The scorers selected are Miss E. O'Connor, Miss Grace Buckley, Miss Adelaide Jones, Miss Julia Curran, Miss Alice Rosseter, Miss Bessie Rosseter, Miss Jean Carpenter, Miss Gabrielle Carpenter, Miss Florence O'Neill, Miss Florence Mervin, Miss Edith Foster, Miss Maud Jackson, Miss Elizabeth Remond, Miss Maud Keegan, Miss Lida Daniels, Miss Cecil Penick, Miss Edythe Purrier, Miss Russell, Miss Mollie Stark, Miss Emma Hunter, Miss Mary O'Neill, Miss Mayme Higgins, Miss Ethel Allen, Miss Mae Sadler, Miss Marion Hall, Miss Edith Sullivan, Miss Nellie Sullivan, Miss Jessie Dodge and Miss Anna Burns.

The arrangements for the tournament were completed several days ago. Lafayette Hall will be a scene of gayety and animation tonight. The entire floor space of the hall will be utilized for chairs and tables, and if necessary the stage will be pressed into service. It is expected that 400 card experts will participate in the tournament. As they enter the hall they will be greeted by the patronesses of the affair, among whom are the following named: Mrs. F. J. Fletcher, Mrs. J. B. Lanktree, Mrs. J. J. Quinchard, Mrs. Alexander Baum, Mrs. Louis Bartlett, Mrs. Gerald E. Goggin, Miss Louise Jensen, Mrs. George Moore, Mrs. R. B. McChesney, Mrs. Keegan, Mrs. McStay, Mrs. Mary Dickinson, Mrs. Pocock, Mrs. F. M. Wellman, Mrs. Amos McCartney, Mrs. Daniel Twigg, Mrs. de Lorme, Mrs. F. A. Jones, Mrs. George Higgins, Mrs. J. H. WANT MRS. DILLMAN RELEASED FROM ASYLUM.

Alameda People Claim That the Woman Is Not Insane at Present.

ALAMEDA, Sept. 5.—Friends of Mrs. Marie Dillman, who formerly lived on Clement avenue, are endeavoring to secure her release from the Napa Insane Asylum, where she was committed by Judge Hall last April. Mrs. Dillman, who was her near neighbor, Mrs. Christensen and other ladies have written to the doctors at the asylum regarding Mrs. Dillman's condition and they say that the physicians admit that she is at present of sound mind, but might become insane for which reason they decline to release her without some one to care for her.

—Mrs. Dillman lived formerly in Oakland, where many of her pigeons were kept. After coming here she claimed that enemies were killing her birds and pigeons, while it was asserted that while insane she caused their death herself. Before she was arrested she was accused of terrorizing the neighborhood with a pistol. Mrs. Dillman declares that Mrs. Dillman was obliged to secure a pistol for self defense and that she was persecuted.

AN ALAMEDA DEATH.

ALAMEDA, Sept. 5.—Arthur J. Foster died yesterday at his home, 1231 Pacific avenue. He was a wholesale grocer of San Francisco and was a native of Dorchester, Mass., aged 52 years. The funeral will take place from his late residence on Friday, Sept. 5, P. M., and the interment will be private.

FRUITVALE PEOPLE REFUSE TO GIVE UP THEIR HOME.

Owner of the Property Goes Into Court to Have the Tenants Ejected.

FRUITVALE, Sept. 5.—Mr. Spearman, who recently bought a house on Pearl street, near Redwood road, is having considerable trouble about getting into the place after having made the purchase. It seems that the house was occupied by a family of the name of Lemons, who were notified that the property had changed hands. They refused to vacate and given a month's notice.

The month expired on the first of August, but the family refused to leave the place.

Mr. Spearman waited patiently for another month and still the Lemons refused to move.

This was too much, as it was the intention of the new owner to move his family into the home upon purchasing the property.

Several days ago Spearman brought suit to have the Lemons ejected from the property. The complaint was sworn before Judge Larus.

UNION CLUB WILL HOLD A MEETING.

BERKELEY, Sept. 5.—At a meeting of the Union Club last evening it was decided to secure larger quarters as once. In the meantime the directors of the club will make negotiations for the securing of a permanent building.

JAPANESE TEA GARDEN PARTY AT NORTH OAKLAND

ALDEN, Sept. 5.—A Japanese tea garden party and social will be held at the residence of Mrs. Thomas Ronaldson, 94 Sixty-first street, under the auspices of the Y. P. S. C. of Park Congregational Church, next Friday afternoon and evening. An excellent program has been arranged.

U. C. GIRLS TO GIVE A FETE.

Want to Raise Some Money for the Hospital Fund.

UNIVERSITY OF CALIFORNIA, Sept. 5.—During the first week in October the Pythecian Society of the University will give a garden fete for the purpose of augmenting its Hospital endowment fund.

As the organization has enrolled in its membership the leading society girls of the University the affair will attract wide interest on both sides of the bay.

The fete will be held in Co-ed Canyon, one of the prettiest spots in the University grounds.

The young women who have been chosen to direct the function are: Misses Adele Lewis, '02, chairman; Elise Wenzelberger, '02; Grace Wood, '02; Annie McCleave, '02, and Mary Jewett, '02.

NOTED PROFESSOR AT THE STATE UNIVERSITY.

Dr. Caspar Gregory Tells About the Education of German Children.

BERKELEY, Sept. 5.—Dr. Caspar Gregory, Professor in Theology in the University of Leipzig, gave the first of his series of lectures on "Education in Germany" at Students' Observatory yesterday afternoon.

"The German Educational System" was the subject of the afternoon's talk. He said in part:

"In Germany there are over one million school children and to educate this large number is the work of the German Government. It is a serious duty this work of education and is accomplished by a good system. Education is compulsory. When a child becomes six years of age it must attend either a public or a private school. Every thing is cut and dried in Germany. Every thing is ticked off. No child escapes the rigid educational laws. People down low are not neglected. In early years the same instruction is given the rich and poor children."

"The German teacher has a very good social position. A large part of the moral tone of the community is in their hands. They are a fine class of teachers and do their work well."

"In the German schools great stress is laid upon the subjects of drawing and singing. Both of these subjects are in the curriculum of every school. The school hours are not rigid and are arranged according to the needs of the individual pupils. This compulsory system gives to the poor a chance to go through the lower grades. This is as far as many go and up to the present time this is really the only education of a great mass."

UNIVERSITY BOOKS LOST IN A FIRE.

BERKELEY, Sept. 5.—In the fire which burned out the Higgs-Judd Printing Company in San Francisco Tuesday night about \$1,000 worth of University books which were being bound were destroyed. The loss would have been considerably greater had not a large number of the books been delivered in the morning of the fire.

WOMEN WILL NOT CHARGE A FEE AT U. C.

UNIVERSITY OF CALIFORNIA, Sept. 5.—The Women's Choral Society of the University has decided to abolish the charging of an admission fee to its concerts. Instead it will form an associate membership, the subscribers to pay one dollar each per year. The final trial of voices will be held this evening.

U. C. MUSICIANS.

UNIVERSITY OF CALIFORNIA, Sept. 5.—Following several try-outs by the University musical clubs, the following have been admitted to membership: First Banjos—R. J. Sprague, '03; F. Gillette, '03; A. R. Hesser, '03. Second Banjos—O. P. Hesser, '03; J. C. White, '03. First Mandolin—Horace P. Phillips, '03. Second Mandolin—W. Adams, '04; J. E. Hall, '05; A. Pohelm, '05. Guitars—E. S. Kilgore, '05; C. BANQUET HELD AT SAN LEANDRO

Delegates to the Portuguese Convention Have a Pleasant Evening.

SAN LEANDRO, Sept. 5.—Yesterday's session of the Portuguese Convention was spent electing grand officers, which occupied the principal part of the day. Part of the afternoon was occupied, however, in going over and revising the general constitution and by-laws.

It was decided that a rate of \$1.50 be required for \$1,000 policies and 90 cents for the \$500 policy.

This was also decided that the treasurer's bonds be changed from \$2,000 to \$10,000.

This change was due to the extra importance attached to that office by the rapid growth of the organization.

With the election of the grand officers, President T. P. Antonio of Pleasanton was re-elected to that office for the third term.

President Antonio is one of the most active workers in the organization, and some declare the society would not be complete without him at its head. With the election of Mr. Antonio the house rang with cheers.

After the meeting adjourned last evening the delegates went in a body to the Estudillo House, where a banquet was spread. The banquet was the most brilliant affair of its kind that has occurred in this place in many years.

More than 300 delegates and their friends were seated in the big dining room of the hotel, which was beautifully decorated for the occasion. The affair lasted until a very late hour. Speeches were made and toasts were drunk.

Today's work will complete the convention, which has been a great success, and by tomorrow night all the delegates hope to be on the way to their respective homes.

The new officers are as follows: President, T. P. Antonio, Pleasanton; vice president, P. J. Rose, Centerville; secretary, T. G. Leonard, Centerville; treasurer, M. J. Silva, Centerville; master of ceremonies, M. S. Machado, Watsonville; inner guard, J. V. Dora, Eureka; medical examiner, M. P. Silva, Sacramento; directors—J. Lamb, Sacramento; S. Oliveira, Hollister; M. Viera, Sebastopol; A. M. Sousa, Watsonville; M. F. Coelho, Walnut Creek.

HORRY MEER EXPLAINS THE SALE OF THE STOCK.

Says That Nobody Was Compelled to Part With Haywards Line Stock.

Horry Meer and D. Moriarty met on the street yesterday afternoon and a lively discussion followed over the price paid for some of the stock of the Haywards Electric line.

Mr. Moriarty claimed that some of the stockholders had been paid \$41 a share, while others had been paid \$45 a share.

Mr. Moriarty made the following statement concerning the matter:

"Meer and I met on the street today and I told him as plainly as I could what I thought of his part in the deal. I told him that he had misrepresented things to me and that he had practically robbed me of \$150. He maintained that all the stock was sold for \$41, and that he had not ordered me to deliver my stock. Then there was nothing to do but to pass the lie and fight, but rather than make a scene I withdrew."

"I know one man, R. S. Farrelly, who personally told me that he received \$45 a share for his stock. There are others who were paid the same. L. C. Morhouse, another stock holder, from whom Farrelly bought stock, received only \$41. Morhouse knows a number that got \$45. I went to see Henshaw about the matter. The only answer I could get from him was, 'I could get lots of stock for \$41.' He did not deny that he has paid \$45 for some. I'll let the trouble drop. I know I was cheated, but I'll say no more to Meer. It would mean fight, and I'm not a fighting man."

Mr. Meer made the following statement today:

"It is true that I met Mr. Moriarty on the street and discussed the matter with him. There was no talk of fight or there was any altercation. I simply gave him my views on the subject. I want to say that there was nothing compulsory about the sale of that stock. Nobody was compelled to sell his or her stock. They could do as they pleased. It is true that some got \$45 a share for their stock while others got \$41 a share. I told Mr. Moriarty that. Some seven or eight hundred shares of the stock are still held by the original owners."

CHIEF JUSTICE OF HAWAII VISITING HIS PARENTS.

Denies That Governor Dole Has Any Intention of Resigning.

Chief Justice Frear of the Supreme Court of the Territory of Hawaii, with his wife, is visiting his parents, Rev. and Mrs. Walter Frear of Tenth avenue. They are on their way East where they will stay two months. Justice Frear denies that Governor Dole of Hawaii intends to resign his office because of poor health or for any other reason. He met the Governor shortly before leaving the islands and was told by him that he had absolutely no intention of retiring from his exalted office.

The labor question, Justice Frear says, is an absorbing one in Hawaii, especially since the enforcement of the act excluding Chinese. Japanese are going into Hawaii, but not in numbers large enough to supply the demand for laborers.

MR. EAGEN GOES EAST.

J. J. Eagen and wife of this city leave this evening for an extended trip East. They will spend several weeks at the Pan-American Exposition in Buffalo, and will visit New York, Boston, Chicago and other Eastern cities before returning home.

THREAT MADE TO THE TRUSTEES.

Suburban Light Company May Ignore the San Leandro Board.

SAN LEANDRO, Sept. 5.—On Tuesday evening the Town Trustees held their regular meeting. Those present were: Gallett, Eber and Quinn. Absent: Cary and Ritter.

The Street Committee was granted further time in the matter of the Maud avenue sewer.

Marshal Geisenhofer reported that he had collected during the month of August the sum of \$52. The Marshal requested the Board to allow him a two weeks' leave of absence, which was granted.

President Gallett thought that the Contra Costa Company's bill for water used on the plaza was too large, and after considerable discussion the matter was referred to the Finance Committee.

Town Attorney Rawson appeared before the Board and stated that on last Sunday he had had a conversation with an attorney from San Francisco, who represented the Suburban Electric Light Company. The attorney stated to Mr. Rawson that it was the intention of the former to appear before the next meeting of the San Leandro Trustees and again apply to them for permission to erect poles and string wires in this place.

"But," the attorney went on to state, "should the not grant us the privilege to do as we request, we can go on without their permission."

"The matter was discussed by all present, and it was doubted by some whether or not the lawyer was bluffing. Judge Rawson stated, however, that the man was from a reputable law firm in San Francisco and was no fake."

COMPETENT MEN ON THE HAYWARDS LINE.

Can Secure Positions on Any Electric Lines in the State.

ELMHURST, Sept. 5.—If he employed upon the Haywards electric railroad for any length of time is sufficient recommendation for a man to secure work on any other street railway in the State.

It is an acknowledged fact that a man from the Haywards line even if in a strange city is not long without a position. The system of the line requires not only a quick man, but he must be bright as well as the run shift used by the company is a very complicated affair and requires much study to thoroughly understand it.

There are now in the employ of the company four men who have been with the company since the first car was run over the track in 1892. These four men are: Motorman A. C. Ballard, M. Nutty, Phil Barbis and Conductor Arvel Lamoureux.

STORY OF THE LARGE BET WAS A FAKE.

NEW YORK, Sept. 5.—The Evening World prints an interview with Walter J. Kingsley, the alleged agent for an English betting syndicate, to the effect that the story of wages between him and Pittsburgh capitalists aggregating \$400,000, was a skillfully devised "fake."

Kingsley, according to the Evening World, said that he merely acted the part of a press agent, for which service he was paid.

POLICE COURT.

Police Court, Sept. 5.—Honorah Lane, Wm. Marshall, drunk, judgment suspended; J. F. Baumgarten, violating hitching ordinance, judgment suspended; J. J. Nagle, violating hitching ordinance, bail forfeited; Fred Schmel, disturbing the peace, continued to September 13 for trial; Sapa Fussuya, malicious mischief, continued to September 6 to file complaint; John Mills, grand larceny, stricken from calendar; Margaret Griffin, disturbing the peace, stricken from calendar; George Kerian, drunk, judgment suspended; Henry Cole, disturbing peace, dismissed on motion of Prosecuting Attorney; James Feeley, disturbing the peace and battery, \$5, or two and one-half days for each offense.

ATHENS PARLOR WILL BE IN THE PARADE.

The members of Athens Parlor, Native Sons of the Golden West, have finished the final arrangements for their tour to San Jose next Saturday. At a meeting held last evening it was agreed to secure the best band of music obtainable. "Major" Waters of local fame will act as drum major at the head of the parlor in the grand procession next Monday in the Garden City. The members of Athens parlor have worked like beavers to have their representation from Oakland a success in every way and the other parlor also are leaving nothing undone to make Oakland's parlor appear to advantage in the big parade at the annual celebration on the 7th, 8th and 9th, at San Jose. Most of the members of every parlor in Oakland have signified their intention of attending and taking part in the parade.

SUCCESSFUL OPERATION BY DR. SHANNON.

Dr. Jas. M. Shannon performed a painful operation on my brother today, using the new method of cocaine in the spine. The doctor said this was the forty-fourth case in which he has used the method since his return from Europe, all with perfect satisfaction. The operation was without pain. The doctor allowed him to walk from the operating table to his bed. The impression on me was simply marvelous. Drs. Johnson, Dukes and Andrews witnessed the method and expressed perfect satisfaction.

I have taken chloroform twice myself and shall take it again if I can find one who will administer the spinal anesthesia. DR. H. R. CONNELLEY, of the Connelley Eye Cure, No. 403 Telegraph avenue, Oakland.

BACK FROM THE EAST.

Mr. Gus Cohn of the firm of A. S. Cohn & Co., 366-378 Washington street, has just returned from a trip East, where he went in the interests of the firm. Mr. Cohn comes back with all the latest ideas in fashionable tailoring and also with the very newest patterns in suitings and trousers. These are now on display and are the sweetest things in town.

HAYWARDS IS MAKING PROGRESS

Town Assessor Has Raised the Assessment About \$50,000.

HAYWARDS, Sept. 5.—Since Town Assessor Obermuller has been in office he has increased the value of town property \$50,000.

His last report shows an increase of \$19,073 over last year's figures, which makes the total valuation of property come up to the round sum of \$554,300.

The different valuations are as follows: Value of lands and lots, \$48,355; improvements, \$300,157; personal property, \$55,575; C. P. R. R., \$19,575; total, \$554,300; mortgages, \$143,015.

This increase in assessment of property shows that Haywards is steadily growing and building up, as the increase of \$50,000 has been made within the past two years.

WATERMELONS MISSING AT HAYWARDS SOCIAL.

Practical Jokers Have Some Fun With The Managers of the Affair.

HAYWARDS, Sept. 5.—An incident which occurred at the watermelon social several nights ago has just come to light. It seems that some practical jokers, knowing of the social and also knowing the location of the melons to be used at the affair, managed to make away with the same.

When it came time to eat the social managers were sadly at a loss.

A committee was appointed to search for the missing melons, which were finally located.

The jokers have not been found, but it is said that there will be something doing when their identity is discovered.

HAYWARDS GAVE LIVERMORE A FAIR DEAL IN GAME.

HAYWARDS, Sept. 5.—It is rumored that the Livermore ball team has objections to make against the local team. An article appeared in one of the Livermore papers which accused Manager Lamoureux of running in league players on his team. The statement was false, as the P. & H.'s consisted of only the regular team and a few substitutes, none of whom were league players. The P. & H.'s defeated the Livermore team by a score of 7 to 2.

DANCE AT HAYWARDS.

HAYWARDS, Sept. 5.—On the 6th of this month the regular monthly social dance will be given by the members of Prof. Chapman's class at the gymnasium hall. These affairs occur each month and are looked forward to by the young society people of this place with much interest.

Notice is hereby given, that in pursuance of an order of the Superior Court of Alameda county, State of California, Department No. 4 (Probate), made on the 26th day of August, 1903, in the matter of the estate of Francis B. Bennett, deceased, the undersigned, the administrator of the estate of said Francis B. Bennett, deceased, will sell at private sale, to the highest bidder, for cash in gold coin of the United States, and subject to confirmation by the Superior Court of Alameda county, State of California, on or after Tuesday, the 24th day of September, 1903, all the right, title, interest, claim, property and estate of said Francis B. Bennett at the time of her death, and all the right, title and interest that the said estate may, by operation of law or otherwise, acquire other than or in addition to that of said Francis B. Bennett at the time of her death, of, in and to all that certain piece or parcel of land being situated in the town of Berkeley, county of Alameda, State of California, bounded and described as follows, to-wit: Lots 1 and 2, block 3, in the B. L. Improvement Association Tract No. 1, in the town of Berkeley, county of Alameda, State of California. Together with improvements.

Terms and conditions of sale: Cash in gold coin of the United States. Ten per cent of the purchase money to be deposited with the undersigned on notice of the acceptance of the bid, and the balance to be paid on the approval and confirmation of the sale by said Court. All offers to purchase the lands and premises herein described must be in writing and may be left at the law office of John D. Whaley, Esq., at rooms 578 and 579 Parrott Building, city and county of San Francisco, or delivered to said administrator personally, or may be filed in the office of the Clerk of the Superior Court of the county of Alameda, State of California, at any time after the first publication of this notice and before the making of the sale. Deed at the expense of the purchaser.

Dated at Oakland, September 5th, A. D. 1903.

BUTLER SMITH, Administrator of the estate of Francis B. Bennett, deceased.

JOHN D. WHALEY, Attorney for Administrator, 578 and 579 Parrott Building, San Francisco, Cal.

MINER KILLED BY A LIVE ELECTRIC WIRE.

TESLA, Sept. 5.—While working on one of the lower levels at the Tesla coal mines yesterday afternoon Joseph Marango, a miner, was struck in the back of the neck by a live electric wire and instantly killed. The wire was used to carry current to operate the hoisting machinery and motors in the mines.

Marango had not observed the line so near his head, as he was shoveling coal into a car. As he suddenly raised himself he struck the heavily charged wire and fell dead, so severe was the shock.

Companions of the miner got his body out as quickly as possible and sent it to the surface, but the company's surgeons discovered upon examining the body that it was lifeless. The remains were prepared for removal to Livermore, where an inquest will be held by Coroner Neumann tonight.

Marango was an Italian, 26 years old.
